Statement of Reasons for Allowance

1. Claims 1-3 and 5-12 are allowed.
2. The following is an examiner's statement of reasons for allowance.

The present invention is directed to a display system with a display with a memory characteristic and a display with no memory characteristic.

Claims 1, 3, 11 and 12 recite, or similarly recite, in combination with the remaining elements, the distinguishing feature of said display system which has the selection purpose display medium has no memory characteristic, but the contents display purposes medium has a memory characteristic, which sustains a display without supplying power for sustaining a display.

The closest prior art, Hirose et al. (US Patent No. 6,628,244), Reavey et al. (US Patent No. 6,628,244) and Dao (US Patent No. 5,049,862) taken in combination show similar characteristics of selecting and displaying content where one display has a memory characteristic and the other does not.

However, Hirose, Reavey and Dao, singularly or in combination, still fail to anticipate or render the above-cited limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
